- 10.1.3 In the event of a tie in the beginning employment dates, seniority shall accrue from the date recorded on the electronic hiring action.
- 10.1.4 The teacher with the most seniority shall have first option to stay in a position or transfer, with such option extended to all teachers on a diminishing basis until one elects to transfer. If no election is made then the teacher, if any, with no evaluation score shall be required to transfer. If every teacher has an evaluation score, then the teacher with the lowest evaluation score shall be required to transfer.
- 10.1.5 Teachers who have been notified in writing that dismissal proceedings are contemplated ~~or teachers on fourth year probation~~, may not volunteer but shall be transferred if their seniority requires it.
- 10.1.6 When a specific issue must be resolved involving teachers with equal seniority, it will be resolved by an objective lottery in the presence of the affected parties.
- 10.1.7 Authorized leaves do not constitute a break in service.

11 Transfers

11.1 General Principles

- 11.1.1 A transfer is a change in teaching position from one school to another. A permanent teacher may transfer to a permanent

or temporary position without changing their contract status.

- 11.1.2 A transfer request may be initiated by a teacher.
- 11.1.3 Teachers who have been notified in writing that dismissal proceedings are contemplated, may not volunteer but shall be transferred if their seniority requires it. A transfer will not be granted if the teacher does not qualify for the existing vacancy. Unless a pool exists, principals, when filling vacancies, shall reassign teachers currently out-of-field, unless hired out-of-field, before considering transfers or new applicants.
- 11.1.4 Except when a freeze is in effect, teachers are eligible to transfer at any time during the school year to accept a higher paying position, to accept a position in a newly created program, or to accept a position in an existing program when such program is expanded during the school year. Teachers may also transfer in-field from an out-of-field assignment, unless hired out-of-field on an "agreement to earn." A qualified replacement should be secured before the transfer is made; however, no transfer will be delayed more than ~~two~~ four (4) weeks.
- 11.2 Teacher Transfers
- 11.2.1 The transfer period shall commence following spring unit allocation. After unit allocation, hiring of new applicants cannot take place until the placement of teachers from the pool.
- 11.2.2 An initial transfer period of at least two weeks in the spring prior to the end of the regular school year and prior to conducting pools will be established after units have been allocated in the spring and administrators have listed their staffing needs with the Division of Human Resources.
- 11.2.3 A. Teachers who are placed in the pool due to unit loss will be eligible for transfer as all other teachers.
- B. If a teacher is placed into a pool due to unit loss or a loss of funding and the teacher's position is reconstituted/reinstated no later than one week prior to the scheduled Fall pool, the teacher shall have the right to return to the position.
- 11.2.4 Teachers are eligible to transfer to any vacancy for which they are certified; ~~however, certification areas in which vacancies are needed for the pool will be identified and transfers in these areas may only be made by teachers with the same assignment.~~ After spring transfer period, transfers will not be allowed to fill a vacancy in an area where a pool still exists.

- 11.2.5 Teachers remaining in the unit loss pool after the initial transfer period will be placed according to Sections 11.4 and 10 (Unit Loss Transfers and Seniority). This meeting will occur during post-planning.
- 11.2.6 Hiring of new applicants and re-opening of the transfer period will begin in a specific certification area when there are no teachers remaining in the pool in that area and the freeze is lifted.
- 11.2.7 The transfer period will continue until two weeks prior to the first day of preplanning for teachers. During this second transfer period, teachers will be able to transfer to any area for which they are certified if there is not a pool in that area.
- 11.2.8 Section 10.1.4 describes the governing factors when determining teachers to transfer during the spring for fall placement.
- 11.2.9 A teacher shall be granted only one voluntary transfer during the transfer period unless specifically agreed to by Human Resources. Placement from a pool is not considered a transfer.
- 11.2.10 Administrators shall notify the office of Personnel Services of all vacancies as soon as they are known. A vacancy does not exist until a resignation or leave is signed and submitted.
- 11.2.11 The Division of Human Resources shall provide a list of vacancies at the beginning of the transfer period and vacancy information shall be provided daily on the District's web site.
- 11.2.12 The Division of Human Resources shall establish the beginning date for the hiring of new teachers after all pools have met. The Division of Human Resources will provide vacancy information on the School District of Hillsborough County's web site.
- 11.2.13 Applicants who have interviewed for a position shall be notified in a timely manner after the decision is made.
- 11.2.14 Complaints related to the teacher transfer process should be directed to the Chief Officer for Human Resources. The teacher will be notified of the result.
- 11.2.15 Teachers shall be assisted at their new sites in making a smooth transition into their new positions.
- 11.3 Administrative Transfer
- 11.3.1 The Superintendent or their designee shall investigate any written request for an administrative transfer. This investigation shall determine the need for further action.

- 11.3.2 If appropriate, a hearing will be held involving the teacher, principal, Association, and the Chief Officer for Human Resources.
- 11.3.3 Following the hearing, the Chief Officer for Human Resources will make recommendations to the Superintendent.
- 11.3.4 The Superintendent shall then act upon the recommendation. Should a transfer be indicated, the teacher shall be placed in a vacancy that is in the best interest of the individual and the system.
- 11.4 Unit Loss Transfer
- 11.4.1 Unit loss will be used for transferring teachers when a school must lose teachers due to a loss of students or a change in the unit allocation formula.
- 11.4.2 When transfers are necessary due to a unit loss, teachers to be transferred will be determined by the process outlined in Section 10.1.4 and Section 11.4.4. Administrators will determine the subject area (specific subject and certification/license in Industrial Education and Health Sciences) where a unit must be lost according to student enrollment. The composite unit allocation form indicating course counts will be available to the Association.
- 11.4.3 In determining unit loss, the length of the teacher's contract will not be a factor in identifying the person to be transferred. However, seniority shall be the governing factor when an in-school change of assignment results in loss of pay.
- 11.4.4 The teacher with the most seniority shall have first option to stay in a position or transfer, with such option extended to all teachers on a diminishing basis until one elects to transfer. If no election is made then the teacher, if any, with no evaluation score shall be required to transfer. If every teacher has an evaluation score, then the teacher with the lowest evaluation score, shall be required to transfer.
- 11.4.5 Teachers who have been notified in writing that dismissal proceedings are contemplated may not volunteer but shall be transferred if their seniority requires it.
- 11.4.6 When unit loss occurs, the following procedures will be used:
- A. Seniority as defined in section 10.1.4 will be used to determine which teachers will transfer during the spring for fall placement.
 - B. Reassignments may not be made prior to identifying teachers for the pool.

- C. Administrators will identify and notify all teachers in a subject area that will experience a unit loss. Teachers in descending order of seniority may volunteer to have their names submitted for pool placement. If there are no volunteers in the identified area, the teacher with no evaluation score will be placed in the pool. If every teacher has an evaluation score, then the teacher with the lowest evaluation score will be placed in the pool.
- D. The teachers in the pool will be listed by subject areas according to their seniority in the Hillsborough County School System.
- E. For the purposes of unit loss, elementary teachers shall be divided into (1) pre-kindergarten, (2) K-5, including ESOL, (3) Autism Spectrum Disorders, (4) Strings, (5) Music, (6) Reading Coach or other screened positions, (7) Special certification areas. Special certification areas shall be considered separate subject areas.
- F. Vacancies by certification area (Math, English, Elementary, etc.) will be available in the Division of Human Resources to each teacher who is required to transfer one working day prior to the day such teacher will choose an assignment from the available vacancies. The teacher with the most seniority will be given their choice of vacancies in the certification area from which he or she was displaced. Using seniority, teachers will be given a choice until all are placed or until all vacancies are filled.
- G. The teacher in the pool with the most seniority will be given the refusal of each vacancy occurring until he is placed. The teacher in the pool with the least seniority will be assigned to any vacancy occurring if all teachers with more seniority have refused the position. Teachers not assigned will remain in the pool and be placed in any second pool for which they are certified. Teachers placed in a second pool may volunteer for a vacancy after all teachers remaining in the first pool have refused it. If there are no volunteers, teachers in the first pool must be assigned. The Division of Human Resources will work with teachers remaining in the pool to find the best assignment possible for the welfare of the teacher and the school system until appropriate vacancies occur. This assignment shall be based on the following:
 - 1. Current assignment and level
 - 2. Current assignment (1-12)
 - 3. Certification and previous assignment
 - 4. Other certification

The teacher shall have the option of staying in this area

and taking courses necessary for certification or accepting the first vacancy in the area from which ~~he/she~~ they ~~was~~ were displaced. (A teacher shall not give up ~~his/her~~ their right to move in field if ~~he/she~~ they rejects a temporary appointment after the beginning of the school year.)

If a teacher voluntarily transfers to another position for which ~~he/she~~ they ~~is~~ are eligible, the teacher automatically gives up ~~his/her~~ their right to remain in the pool. Teachers will retain pool rights for a period not to exceed two years.

- H. Teachers selecting positions from the pool shall be assured the subject area and grade levels selected.
- I. Vacancies for Magnet school positions will be listed during the transfer period.
- J. Out-of-field teachers in a carry-over pool may be required to return to their area of previous assignment if a vacancy occurs prior to the freeze on teacher transfers before the start of the new year for which they were pool placed. In the event this occurs, consideration shall be given to travel distances and employees shall not be compelled to travel distances in excess of 10 miles one way.

11.4.7 Teachers in a temporary assignment will not be considered for transfer. The seniority of a teacher who is on leave and has a vested interest in the position will be used to determine the unit to transfer. A teacher contracted for a Group I or II supplement will not normally be transferred due to unit loss, except in the event that the required number of teachers needed to transfer exceeds the number of non Group I or II supplemented teachers. Then, based on Section 10.4.1, all Group II supplemented teachers shall first be subjected to unit loss with Group I supplemented teachers following if necessary. In the event a teacher with seniority is forced to transfer because of a supplemented teacher, reassignment to a vacant classroom position in the subject area disciplines in another area of certification within the same school shall be granted for either the affected senior teacher or the supplemented teacher unless a carry-over pool exists in that subject area. The principal will determine the teacher to be reassigned if both teachers are qualified for reassignment.

11.4.8 A permanent teacher who was designated as a unit loss on the spring pool list and who has transferred to another school either by voluntary transfer or pool placement shall be permitted to transfer back to ~~his/her~~ their former school under the following conditions:

When no reimbursement is requested or when internal account funds are used, the Out-of-County Travel Authorization and Reimbursement Claim form must be received in the Division of Human Resources at least three workdays prior to the effective date of leave.

12.9.4 Participants representing any group shall be selected on an equitable basis by the group (rotation, election, etc.).

No new teachers shall be employed during the two-year period until all teachers in subject areas laid off from such assignments have been offered a position.

15.1.2 Upon reemployment, all rights related to salary, fringe benefits, and seniority shall be fully restored.

11 Transfers

11.1 General Principles

- 11.1.1 A transfer is a change in teaching position from one school to another. A permanent teacher may transfer to a permanent or temporary position without changing their contract status.
- 11.1.2 A transfer request may be initiated by a teacher.
- 11.1.3 Teachers who have been notified in writing that dismissal proceedings are contemplated, may not volunteer but shall be transferred if their seniority requires it. A transfer will not be granted if the teacher does not qualify for the existing vacancy. Unless a pool exists, principals, when filling vacancies, shall reassign teachers currently out-of-field, unless hired out-of-field, before considering transfers or new applicants.
- 11.1.4 Except when a freeze is in effect, teachers are eligible to transfer at any time during the school year to accept a higher paying position, to accept a position in a newly created program, or to accept a position in an existing program when such program is expanded during the school year. Teachers may also transfer in-field from an out-of-field assignment, unless hired out-of-field on an "agreement to earn." A qualified replacement should be secured before the transfer is made; however, no transfer will be delayed more than ~~two~~ four (4) weeks.

11.2 Teacher Transfers

- 11.2.5 Teachers remaining in the unit loss pool after the initial transfer period will be placed according to Sections 11.4 and 10 (Unit Loss Transfers and Seniority). This meeting will occur during post-planning.
- 11.2.6 Hiring of new applicants and re-opening of the transfer period will begin in a specific certification area when there are no teachers remaining in the pool in that area and the freeze is lifted.
- 11.2.7 The transfer period will continue until two weeks prior to the first day of preplanning for teachers. During this second transfer period, teachers will be able to transfer to any area for which they are certified if there is not a pool in that area.
- 11.2.8 Section 10.1.4 describes the governing factors when determining teachers to transfer during the spring for fall placement.
- 11.2.9 A teacher shall be granted only one voluntary transfer during the transfer period unless specifically agreed to by Human Resources. Placement from a pool is not considered a transfer.
- 11.2.10 Administrators shall notify the office of Personnel Services of all vacancies as soon as they are known. A vacancy does not exist until a resignation or leave is signed and submitted.
- 11.2.11 The Division of Human Resources shall provide a list of vacancies at the beginning of the transfer period and vacancy information shall be provided daily on the District's web site.
- 11.2.12 The Division of Human Resources shall establish the beginning date for the hiring of new teachers after all pools have met. The Division of Human Resources will provide vacancy information on the School District of Hillsborough County's web site.
- 11.2.13 Applicants who have interviewed for a position shall be notified in a timely manner after the decision is made.
- 11.2.14 Complaints related to the teacher transfer process should be directed to the Chief Officer for Human Resources. The teacher will be notified of the result.
- 11.2.15 Teachers shall be assisted at their new sites in making a smooth transition into their new positions.

Approval of more than this first day will not be granted unless medical proof is attached indicating the employee is unable to work due to the injury.

- 12.11.5 After the ten-day period, the injured employee has a choice of receiving Workers' Compensation benefits only, or supplementing Workers' Compensation benefits by utilizing a portion of a sick day to provide full salary equivalent. To receive benefits, the principal/supervisor must send a memo to the Risk Management and Safety Office stating that the employee was personally exposed to a specific illness. Medical bills and leave of absence forms should be attached. The Risk Management and Safety Office may specify maximum benefits for certain illnesses.

- 22.1.2 The parties agree that as tenure can no longer be granted after July 1, 2011, reference to "tenure" in this article and this agreement may be applied to any teachers who were granted tenure prior to July 1, 2011.
- 22.1.3 To remain tenured teacher, the teacher shall have a valid Florida professional teacher certificate.
- 22.1.4 A tenure status teacher may be employed into a temporary appointment.

22.2 Employee Status Definitions

A. Tenured Teachers: Those teachers who had achieved permanent tenured status pursuant to the Hillsborough County Tenure Act prior to July 1, 2011. The parties recognize that although the legislature repealed the local tenure act as of July 1, 2011, employees who had achieved tenure status prior to July 1, 2011, shall retain all rights and privileges specified in this contract. For purposes of this contract, all such teachers will be considered non-probationary, to the extent language differentiates based on probationary status.

B. Annual Contract Teachers: Those teachers who had not gained tenure prior to July 1, 2011, but who have successfully completed one year of service and have an expectation of continued employment.

An employee awarded an annual contract may be eligible for renewal of ~~his/her~~ their contract for the subsequent school year if all of the following conditions are met.

1. The employee is effective or highly effective. By law, the district cannot employ instructional personnel who receive two consecutive unsatisfactory ratings or three consecutive ratings of less than effective. 2. Maintain an active professional certificate or temporary certificate for the area(s) they teach.
3. The employee does not have a recommendation for non-renomination from the Office of Professional Standards.
4. The District does not experience reduced enrollment or budgetary constraints, including, but not limited to, reduction or proration of state or federal funds.

11 Transfers

11.1 General Principles

- 11.1.1 A transfer is a change in teaching position from one school to another. A permanent teacher may transfer to a permanent or temporary position without changing their contract status.
- 11.1.2 A transfer request may be initiated by a teacher.
- 11.1.3 Teachers who have been notified in writing that dismissal proceedings are contemplated, may not volunteer but shall be transferred if their seniority requires it. A transfer will not be granted if the teacher does not qualify for the existing vacancy. Unless a pool exists, principals, when filling vacancies, shall reassign teachers currently out-of-field, unless hired out-of-field, before considering transfers or new applicants.
- 11.1.4 Except when a freeze is in effect, teachers are eligible to transfer at any time during the school year to accept a higher paying position, to accept a position in a newly created program, or to accept a position in an existing program when such program is expanded during the school year. Teachers may also transfer in-field from an out-of-field assignment, unless hired out-of-field on an "agreement to earn." A qualified replacement should be secured before the transfer is made; however, no transfer will be delayed more than ~~two~~ four (4) weeks.

11.2 Teacher Transfers

- 11.2.5 Teachers remaining in the unit loss pool after the initial transfer period will be placed according to Sections 11.4 and 10 (Unit Loss Transfers and Seniority). This meeting will occur during post-planning.
- 11.2.6 Hiring of new applicants and re-opening of the transfer period will begin in a specific certification area when there are no teachers remaining in the pool in that area and the freeze is lifted.
- 11.2.7 The transfer period will continue until two weeks prior to the first day of preplanning for teachers. During this second transfer period, teachers will be able to transfer to any area for which they are certified if there is not a pool in that area.

- 11.2.11 The Division of Human Resources shall provide a list of vacancies at the beginning of the transfer period and vacancy information shall be provided daily on the District's web site.
- 11.2.12 The Division of Human Resources shall establish the beginning date for the hiring of new teachers after all pools have met. The Division of Human Resources will provide vacancy information on the School District of Hillsborough County's web site.
- 11.2.13 Applicants who have interviewed for a position shall be notified in a timely manner after the decision is made.
- 11.2.14 Complaints related to the teacher transfer process should be directed to the Chief Officer for Human Resources. The teacher will be notified of the result.
- 11.2.15 Teachers shall be assisted at their new sites in making a smooth transition into their new positions.

Approval of more than this first day will not be granted unless medical proof is attached indicating the employee is unable to work due to the injury.

- 12.11.5 After the ten-day period, the injured employee has a choice of receiving Workers' Compensation benefits only, or supplementing Workers' Compensation benefits by utilizing a portion of a sick day to provide full salary equivalent. To receive benefits, the principal/supervisor must send a memo to the Risk Management and Safety Office stating that the employee was personally exposed to a specific illness. Medical bills and leave of absence forms should be attached. The Risk Management and Safety Office may specify maximum benefits for certain illnesses.

- 22.1.2 The parties agree that as tenure can no longer be granted after July 1, 2011, reference to "tenure" in this article and this agreement may be applied to any teachers who were granted tenure prior to July 1, 2011.
- 22.1.3 To remain tenured teacher, the teacher shall have a valid Florida professional teacher certificate.
- 22.1.4 A tenure status teacher may be employed into a temporary appointment.

22.2 Employee Status Definitions

- A. Tenured Teachers: Those teachers who had achieved permanent tenured status pursuant to the Hillsborough County Tenure Act prior to July 1, 2011. The parties recognize that although the legislature repealed the local tenure act as of July 1, 2011, employees who had achieved tenure status prior to July 1, 2011, shall retain all rights and privileges specified in this contract. For purposes of this contract, all such teachers will be considered non-probationary, to the extent language differentiates based on probationary status.
- B. Annual Contract Teachers: Those teachers who had not gained tenure prior to July 1, 2011, but who have successfully completed one year of service and have an expectation of continued employment.

3. The employee does not have a recommendation for non-renomination from the Office of Professional Standards.
4. The District does not experience reduced enrollment or budgetary constraints, including, but not limited to, reduction or proration of state or federal funds.
